

The subject of a new website for the Santa's Parade of Lights - Oshawa was brought up at one of our Santa's Parade of Lights Committee meetings. A member of our committee gave me a list of possible website developers and after contacting one (no response), a second (had to fill out a survey, did it, no response), I then contacted Terry at HitsMedia. Terry attended our next meeting. He had already reviewed our old website and presented us with a draft of a possible new website. Three weeks later we have the absolute Best SANTA website. To this day, Terry responds quickly to any requests for additions/deletions/changes to our website. We are very pleased with HitsMedia and would highly recommend using their services. Thanks HitsMedia! You're great!

Jodi J. Hewett, Committee Chair, Santa's Parade of Lights – Oshawa.
